

LAOMEISTER

INSTALLATION CONDITIONS

1. Floor on site must be clean and leveled, special leveling plates on demand supplied by producer.
2. In case of other disturbing objects as pipes, heaters, machinery, racking etc. should be removed by client before the start of installation if anything else has not been agreed. Otherwise cost of waiting time or traveling might be charged.
3. Other construction work is not part of installation except fixing of storage system to floor.
4. If installation work cannot be started on agreed time or be done continuously because of other work carried out on site, cost of waiting time or traveling might be charged.
5. Access to electricity must be guaranteed, also normal lighting and room temperature.
6. Forklift must be guaranteed all time during installation, in some case also scissor-lift or other agreed lifting device.
7. Unloading of material is done by client if anything else has not been agreed.
8. Agreed price of installation does not include cleaning of room except vacuum cleaning of thrilled holes and gathering of packing material.
9. Site must be accessible every day (Monday-Sunday) 08.00-20.00 if anything else has not been agreed.
